O P I N I O N A N D F I N D I N G S

Applicant is a certificated carrier which holds Certificate Number B-1834. The certificate authorizes transportation of passengers in limousine service by limousine and bus between points in a 50 mile radius of Omaha, Nebraska. RESTRICTION: The transportation of railroad train crews and their baggage is not authorized. HHS Designation: No.

The Applicant received authority to operate from the Commission under Certificate Number B-1834 on April 16, 2013. The Applicant is establishing its rates for use in this certificate. The Applicant represents to the Commission that the proposed rates are based upon anticipated expenses in vehicle maintenance, fuel expenses, insurance premiums, advertising and other overhead charges.

In applications such as these, the Commission must find that an emergency situation exists. Such a situation exists in this application as the Applicant cannot begin operations under its certificate as granted until the rates are approved. Therefore, the Commission finds that an emergency basis exists that allows the Commission to grant the Application on an emergency basis. The Commission further finds that the proposed rates are reasonable.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted on an emergency basis effective April 30, 2013.
