**CONDITION:** Charges based on greater of per mile or hourly

Emergency action is requested.

Applicant is establishing its initial rates for use in this certificate. In applications such as these, the Commission must find that an emergency situation exists. Such a situation exists in this application as Applicant does not currently have rates, and cannot begin operations under its certificate as granted until the rates are approved. Therefore, the Commission finds that an emergency basis exists that allows the Commission to grant the application on an emergency basis. The Commission further finds that the proposed rates to be approved in this Order are reasonable.
