Emergency action is requested.

Applicant was granted authority under Application Number B-1961 to transport passengers by bus in special party and charter between points in Nebraska over irregular routes. The transportation of railroad train crews and their baggage is not authorized, and the HHS designation is no.

Applicant is seeking to establish its initial published rates in order to provide transportation services for its clients. The Commission finds that the proposed rates are reasonable.

In applications such as these, the Commission must find that an emergency situation exists. Such a situation exists in this application as Applicant should be placed in a position to begin providing transportation services as soon as possible. Therefore, the Commission finds that an emergency basis exists that allows the Commission to grant the application on an emergency basis.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted on an emergency basis effective December 19, 2017.
