Note 2: Mileage charge is in addition to the above hourly charge.

APPLICATION NO. LR-210

PAGE TWO

According to the Applicant, the requested rates are necessary to cover operational costs (i.e. equipment, fuel, maintenance, labor, etc.), insurance and other incidentals. The rates requested for use in Nebraska intrastate commerce are the same rates used in its interstate and Iowa intrastate commerce operations. The requested rates are deemed satisfactory for its operation.

Applicant recently received its authority to operate limousines in Nebraska intrastate commerce. It currently does not have approved intrastate rates. The proposed rates are competitive with the rates on file for other limousine carriers whose authority includes the South Sioux City area and operating similar type equipment. The application is filed in compliance with Sections 175-308 (Rates) and 75-121 (Emergency rate orders), R.R.S. 1996 and the Commission rules.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted on an emergency basis effective August 18, 2000.
