BY THE COMMISSION:

O P I N I O N S A N D F I N D I N G S

On September 20, 2007, James and Rhonda Joneson dba Leisure Limousine and Sedan Service, Lincoln, Nebraska filed an application for authority to amend current rates and establish other limousine rates for its use as attached.

Emergency action is requested.

The Applicant is a certificated common carrier which holds Certificate B-1685, which authorizes the transportation of passengers in Nebraska intrastate commerce to provide limousine service in sedan and luxury or stretch limousines between points in Douglas, Sarpy, Lancaster and Washington counties over irregular routes. RESTRICTIONS: The transportation of railroad train crews and their baggage is not authorized.

The applicant cited an increase in fuel, insurance and personnel costs as reasons behind the request. The Commission is aware that the cost of fuel has in general rose over the time period since the granting of authority to the Applicant in March of 2007. The Commission finds that the gasoline costs and the establishment of new rates justify the granting of this application on an emergency basis.

The proposed rates are similar and competitive with those rates authorized for use by other companies providing a similar service in its area. The Commission finds that these rates are reasonable.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted on an emergency basis effective September 28, 2007.
