Applicant is a certificated common carrier which holds Certificate Number B-1757. The certificate allows the transportation in Nebraska intrastate commerce in the transportation of passengers and their baggage in limousine service over irregular routes between points in Gage and Jefferson counties. RESTRICTION: The transportation of railroad train crews and their baggage is not authorized. HHS Designation: No. RESTRICTION: The transportation of railroad train crews and their baggage is not authorized.

The Applicant received authority to operate from the Commission under Certificate No. B-1757 on March 30, 2010. The Applicant is establishing rates for these particular vehicles for use in this certificate.

The Applicant represents to the Commission that the proposed amended rates are based upon anticipated expenses in vehicle maintenance, fuel expenses, insurance premiums, advertising and other overhead charges. The rates are competitive with similar rates charges by other services for these types of vehicles.

In applications such as these, the Commission must find that an emergency situation exists. Such a situation exists in this application as the Applicant cannot begin operations under its certificate as granted until the rates are approved.

Upon consideration of the application and being fully advised in the premises, the Commission is of the opinion and finds that the application should be granted on an emergency basis effective April 2, 2010.
