BY THE COMMISSION:

On January 28, 2003, The Nebraska Public Service Commission (Commission) opened an investigation in order to investigate rates for household goods movers on a yearly basis.<sup>1</sup> Since that time, the Commission has continued to monitor the tariff rates for household goods movers and examine the rates in both the Official Household Goods Tariff 7F and Official Intracity Household Goods Tariff 22 on an annual basis. In the last few months, the Motor Transportation Department has become aware of some desire by certificated household goods movers to make changes to the Tariff 7F and Tariff 22.

The Commission therefore opens this docket to seek comment on the following issues:

1. Are you familiar with the tariff filing requirements for interstate household goods movers? If so, could such a tariff system be successful in Nebraska? Why or why not?
2. Should there be separate tariff systems in place in metropolitan areas vs. non-metropolitan areas?
  - a. If yes, how could such a system be structured?
3. Are there aspects of the current Tariff 7-F that the Commission should consider eliminating?
  - a. Which elements?
  - b. Why should those elements be eliminated?
4. Are there aspects of the current Tariff 22 that the Commission should consider eliminating?
  - a. Which elements?
  - b. Why should those elements be eliminated?

Interested parties should file written comments on the foregoing issues on or before **3:00 PM on Friday, October 27,**

<sup>1</sup> Application No. MR-1009/PI-70, *In the Matter of the Nebraska Public Service Commission, on its own motion, initiating an investigation on range uniformity in the Official Intracity Household Goods Tariff 22, and to develop procedures for efficiently processing household goods mover tariff amendments. Order Opening Docket and Seeking Comment, January 28, 2003.*
