The only carrier that appeared was Inter Cities Courier Systems, Inc. of Omaha. It produced copies of freight bills that showed that it has recently performed transportation of household goods in Nebraska intrastate commerce consistent with the authority it held prior to the passage of LB 424.

From the evidence adduced and being fully informed in the premises, the Commission is of the opinion and finds that:

1. The certificates of public convenience and necessity held by the carriers cited in the Commission's order herein on August 21, 1995, should be revoked and cancelled except for the certificate held by Inter Cities Courier Systems, Inc. in M-13498.
