

TITLE 157 - State Fire Marshal

Chapter 8 - PERMISSIBLE FIREWORKS IN THE STATE OF NEBRASKA FOR 2010

001. Please be advised that the following fireworks have been approved by the Nebraska State Fire Marshal for sale and discharge. New items for **2010** are listed in **BOLD** print.

Fireworks not listed or described in this Chapter are NOT PERMISSIBLE. Individuals found in possession or attempting to buy, sell, transport or manufacture illegal fireworks will be prosecuted to the fullest extent of the law.

All Distributors, Jobbers or Retailers MUST complete a Fireworks License Application prior to the purchase, delivery and sale of permissible fireworks. Retail applications postmarked or submitted after June 10th of any year must include a fifty-dollar (\$50.00) late fee. Please check with your city or village officials because their license and fireworks requirements may vary from the State Fire Marshal's rules and regulations. Fireworks may only be purchased from licensed distributor. Applications are now available online at www.sfm.ne.gov.

Any fireworks that are shot into the air must be destroyed in the air and not come to the ground hot or with flames. Items that have inserts are acceptable only if the inserts come to the ground cool and appear on this approved list.

002. Display Shell Items and Reloadable Artillery Shells.

All reloadable fireworks and display fireworks with firing tubes larger than one and seven-eighths inch (1-7/8") in diameter are not permissible or legal. Reloadable fireworks may contain a maximum of twelve (12) shells. None of the shells may exceed four breaks. Reloadable artillery shells must also be listed by a specific name.
