TITLE 172 PROFESSIONAL AND OCCUPATIONAL LICENSURE

CHAPTER 11 LICENSURE OF OUT-OF-HOSPITAL EMERGENCY CARE PROVIDERS

001. SCOPE AND AUTHORITY. These regulations govern the licensure of out-of-hospital emergency care providers under the Emergency Medical Services Practice Act and the Uniform Credentialing Act. Persons providing out-of-hospital emergency care services to clients located in Nebraska must be licensed as out-of-hospital emergency care providers in Nebraska unless they are exempt under the Act or as provided by Nebraska Revised Statute (Neb. Rev. Stat.) § 38-3801.

002. DEFINITIONS. For purposes of these regulations, definitions in the Uniform Credentialing Act, the Emergency Medical Services Practice Act, 172 Nebraska Administrative Code (NAC) 10, 12, and 13, and the following definitions are hereby adopted.

002.01 DIRECT SUPERVISION. The supervisor is present with the patient visually monitoring, providing verbal direction, and overseeing patient care that is being provided by temporary licensee.

002.02 EMERGENCY MEDICAL SERVICE INSTRUCTOR. An individual who has a current license to practice as an emergency medical service instructor.

002.03 NATIONAL CONTINUED COMPETENCY PROGRAM. A program developed by the National Registry of Emergency Medical Technicians to ensure continued education and training programs for out-of-hospital emergency care providers. The national core certification level requirements as of the effective date of the chapter are adopted as part of the continuing competency requirements for renewal of licenses. A copy of the National Continued Competency Program is available on the Department's website or by contacting the Department at 301 Centennial Mall South, Lincoln, Nebraska.

002.04 NON-VISUALIZED AIRWAY MANAGEMENT. The insertion of a supraglottic airway device without visualization of airway anatomical structures and the removal of airway adjuncts as the sole means to provide for a patent airway.

002.05 SUPERVISOR. An individual who is a licensed out-of-hospital emergency care provider, licensed healthcare practitioner or under the direction of a registered nurse, with an unencumbered license and is the same or higher level as the temporary licensee and is responsible for holders of temporary licenses.

003. INITIAL CREDENTIAL. To obtain a license an applicant must submit a complete application provided by the Department and provide documentation demonstrating that the applicant meets the statutory requirements, 172 NAC 10, and this chapter.

003.01 EDUCATION. An applicant must be able to demonstrate successful completion within two years preceding application, of an approved education course required for the license applied for as set out below:

003.01(A) EMERGENCY MEDICAL RESPONDER. Acceptable courses for a license as emergency medical responder are: the emergency medical responder course, emergency medical responder to emergency medical technician-bridge course, emergency medical technician course, advanced emergency medical technician course, advanced emergency medical technician to paramedic bridge course, pre-hospital emergency medical technician for nurses courses, paramedic course, or pre-hospital paramedic for registered nurses course.

003.01(B) EMERGENCY MEDICAL TECHNICIAN. Acceptable courses for a license as an emergency medical technician are: the emergency medical responder to emergency medical technician-bridge course, emergency medical technician course, advanced emergency medical technician course, advanced emergency medical technician to paramedic bridge course, pre-hospital emergency medical technician for nurses course, or paramedic course, or pre-hospital paramedic for registered nurses course.

003.01(C) ADVANCED EMERGENCY MEDICAL TECHNICIAN. Acceptable courses for a license as an advanced emergency medical technician are: the advanced emergency medical technician course, the emergency medical technician course and the advanced emergency medical technician to paramedic bridge course, paramedic course, or pre-hospital paramedic for registered nurses course.

003.01(D) PARAMEDIC. Acceptable courses for a license as a paramedic are the paramedic course or pre-hospital paramedic for registered nurses course.

003.02 LICENSURE EXAMINATION. The National Registry of Emergency Medical Technicians Cognitive Exam is the approved licensure examination. An applicant must have passed the licensure exam for the level of licensure for which the applicant is applying. The passing of a licensure examination is determined by The Standards for Educational and Psychological Testing.

003.03 APPLICATION. An applicant must be 18 years of age and submit documentation of having a current certificate for the level of license applied for from the National Registry of Emergency Medical Technicians as evidence of meeting the education and examination requirements.

004. TEMPORARY LICENSE. An applicant for a temporary license must meet all statutory requirements, the requirements of 172 NAC 10, the requirements of this chapter and submit a complete application and documentation to the Department that the applicant meets all requirements, except for passing the required examination. An applicant must have an official

certificate of completion from the training agency showing successful course completion with the date of completion sent directly to the Department from the originating program or institution.

004.01 PRACTICE UNDER A TEMPORARY LICENSE. An individual with a temporary license must be under direct supervision by the same or higher level of out-of-hospital emergency care provider, licensed healthcare practitioner, or under the direction of a registered nurse, when performing practices or procedures at the level permitted by the temporary license.

005. RENEWAL. To renew a license an applicant must meet all statutory requirements, the requirements of 172 NAC 10, and this chapter.

006. DOWNGRADE. An applicant may change licensure level at the time of renewal as set out below:

- (A) Paramedics who do not meet the continuing competency requirements as provided in this chapter for their level of licensure may be licensed as an advanced emergency medical technician, emergency medical technician, or as an emergency medical responder if they meet the continuing competency requirements of the respective license;
- (B) Emergency medical technician-intermediates who do not meet the continuing competency requirements as provided in this chapter for their level of licensure may be licensed as an advanced emergency medical technician, emergency medical technician, or an emergency medical responder if they meet the continuing competency requirements for the respective license;
- (C) Advanced emergency medical technicians who do not meet the continuing competency requirements as provided in this chapter for their level may be licensed as an emergency medical technician, or an emergency medical responder if they meet the continuing competency requirements for the respective license; or
- (D) Emergency medical technicians who do not meet the continuing competency requirements as provided in this chapter for their level of licensure may be licensed as an emergency medical responder if they meet the continuing competency requirements for that license.

007. CONTINUING COMPETENCY REQUIREMENTS. On or before the license expiration date, each licensed out-of-hospital emergency care provider must have a current cardiopulmonary resuscitation certification from an organization that has been approved by the Board and complete continued competency requirements for their level of licensure as follows:

- (A) Emergency medical responders must:
 - (i) Complete 8 hours of continuing education that must meet the standards of the national component of the National Continuing Competency Program's continued competency requirements for emergency medical responders; or
 - (ii) Hold a current Emergency Medical Responder certificate from the National Registry of Emergency Medical Technicians.
- (B) Emergency medical technicians must:
 - (i) Complete 20 hours of continuing education that meets the standards of the national component of the National Continuing Competency Program's continued competency requirements for emergency medical technicians; or

- (ii) Hold a current Emergency Medical Technician certificate from the National Registry of Emergency Medical Technicians.
- (C) Advanced emergency medical technicians must:
 - (i) Complete 25 hours of continuing education that meets the standards of the national component of the National Continuing Competency Program's continued competency requirements for advanced emergency medical technicians and have documentation from the physician medical director or qualified physician surrogate of demonstrated competency in peripheral IV access, non-visualized advanced airway management and administration of approved medications in a clinical, out-of hospital, or educational setting; or
 - (ii) Hold a current Advanced Emergency Medical Technician certificate from the National Registry of Emergency Medical Technicians.
- (D) Emergency medical technician-intermediates must attest to completing 30 hours of continuing education, 20 hours in the subject matter of the emergency medical technician course and 10 hours in the subject matter covering the emergency medical technician-intermediate practice and procedures and have documentation from a physician or qualified physician surrogate of demonstrated competency in peripheral IV administration and endotracheal intubation in a clinical, out-of-hospital, or educational setting.
- (E) Paramedics must:
 - (i) Complete 30 hours of continuing education that meets the standards of the national component of the National Continuing Competency Program's continued competency requirements for paramedics and have documentation by a physician or qualified physician surrogate of demonstrated competency in peripheral IV administration, drug administration, cardiac skills and endotracheal intubation in a clinical, out-of-hospital, or educational setting; or
 - (ii) Hold a current Paramedic certificate from the National Registry of Emergency Medical Technicians.

008. ACCEPTABLE CONTINUING COMPETENCY. In order for an activity to be accepted for continuing competency to renew a license, the activity must meet the following criteria:

- (A) Be a planned, formally organized program of learning which directly contributes to the professional competency of out-of-hospital emergency care providers;
- (B) Have objectives that demonstrate a reasonable connection to the practice of emergency medicine;
- (C) Be made available on a specific date and time or be a distributed learning program;
- (D) Have an instructor who has experience or training in the content area(s) of the course being taught;
- (E) Have a course title and consist of content that is at least one-half hour in duration;

- (G) Have a mechanism that documents attendance and participation.

009. NON-ACCEPTABLE CONTINUING COMPETENCY. The following activities are not acceptable for continuing education to renew a license

- (A) Advanced National Incident Management System Training where the subject matter does not have an emergency medical service focus;

- (B) Advanced scene management courses where the subject matter does not have an emergency medical service focus;
- (C) Classes offered by Homeland Security where the subject matter does not have an emergency medical service focus;
- (D) Courses where the subject matter does not demonstrate a reasonable connection to the practice of emergency medical care; or
- (E) Fire training courses where the subject matter does not have an emergency medical service focus.

010. WAIVER OF CONTINUING EDUCATION. In addition to the waivers allowed by 172 NAC 10, the Department may waive continuing competency requirements, in whole or in part, upon submission by a credential holder of documentation that circumstances beyond their control have prevented completion of these requirements. These circumstances may include suffering from a serious or disabling illness or physical disability which prevented completion of the continuing competency requirements during the 24 months immediately preceding the license renewal date. Waiver of continuing education may not be used for consecutive renewal periods.

011. PRACTICE WITH NON AFFILIATED SERVICES. An out-of-hospital emergency care provider may perform any practice or procedure which they are authorized to perform with an emergency medical service other than the service with which they are affiliated when requested by the other service when the patient for whom they are to render services is in danger of loss of life.
